

Our quest for the perfect surface began many years ago when our research and development department teamed up with our in-house artist and carefully researched the reasons, definitions and purpose of what a surface should encompass. By assessing current market trends and the need for a surface that can be utilized throughout a project, Vadazzo Precast Products were imagined to offer the next level of creativeness.

Each Artisan Vadazzo Precast Product is carefully handcrafted in our Calgary plant by our passionate team members. Our innovative staff searched the globe for sustainable products to incorporate into our designs. By effusing our custom blend of recycled glass and aggregate into our designs, a surface is created that is perfect in FORM-FUNCTION-FASHION & FUTURE.

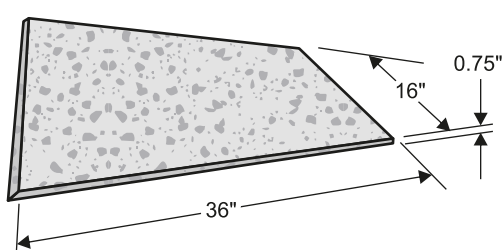

5' x 10' Standard Precast Slab

4' x 8' Standard Precast Slab

16" x 36" Standard Precast Slab

SIZE	WEIGHT
5' x 10'	195 lbs
4' x 8'	125 lbs
16" x 36"	16 lbs

APPLICATIONS

Vadazzo Precast Products are composed of balanced elements infused together in a special matrix designed for, but not limited to, Showers, Counter Tops, Wall Features, Window Sills, Wainscoting, Handrails, Stairs and so much more.

HARD & DURABLE

Our product are designed to last. Water proof, stain and scratch resistant.

STANDARD & CUSTOM SIZING

Choose from our standard sizes or have one of our knowledgeable staff members help you create your own custom size or color.

SEAMLESS BY DESIGN

Vadazzo Precasts offer the user the opportunity to create areas that are seamless eliminating the need for grout and silicone. No seams also mean no moisture can affect the delicate substrate over time.

ENDLESS CAPABILITIES

Limitations can be binding so why would we limit you? It can be hard to find the perfect product for your project so Vadazzo offers you the ability to fully customize your project ideas.

*Please note that custom products will have an extended production time as well as a surcharge. Please inquire to ensure prompt delivery.

DELIVERY TIME

Due to the specific nature of our products, please allow 4-6 weeks for production and delivery. These times may vary depending on quantity needed and which elements are required to create your masterpiece.

EASY INSTALLATION

Our products are designed to be installed by qualified installers using standard setting techniques and materials. We are here to help ensure that the installation process goes as smooth as possible.

TRANSPORTATION

Truck, semi-trailer, boat.
